“base non-instructional day fee” means the base extended day program fee for a board on a non-instructional day, calculated in accordance with subsection 11.2 (3). (“droits de base pour les journées autres que des journées d’enseignement”)

**Determination of base and actual fees, second and third school year**

**11.2** (1) Every board identified in Schedule 1 as being required to operate an extended day program in the 2011/2012 school year or the 2012/2013 school year shall, in accordance with section 11.6, determine the base daily fee and the base non-instructional day fee.

(2) The base daily fee for the 2011/2012 school year and the 2012/2013 school year shall be determined by,

- (a) projecting the board’s operating costs for an extended day program unit for the relevant school year, in accordance with section 11.5 and based on the assumption that the board’s extended day programs will operate for 300 minutes a day for 188 days with an average enrolment of 25 pupils per unit;
- (b) dividing the amount projected under clause (a) by 25 (representing 25 pupils);
- (c) dividing the amount determined under clause (b) by 188 (representing 188 days); and
- (d) rounding the amount determined under clause (c) to the nearest multiple of 50 cents.

(3) The base non-instructional day fee shall be determined as follows:

1. Multiply the base daily fee by 0.85.
2. Multiply the amount determined under paragraph 1 by 1.2.
3. Add the amount determined under paragraph 2 to the base daily fee.
4. Round the amount determined under paragraph 3 to the nearest multiple of 50 cents.

(4) Every board that is required by this Regulation to operate an extended day program in the 2011/2012 school year or the 2012/2013 school year shall, in accordance with section 11.9, determine the actual daily fee and the actual non-instructional day fee, if any, to be charged by it to parents of pupils enrolled in extended day programs operated by the board in the next school year.

(5) The actual daily fee charged by a board to parents of pupils enrolled in an extended day program at a school of the board shall be determined as follows:

1. Determine the percentage that the actual number of minutes of operation of the program in the school bears to 300 minutes.
  2. Multiply the percentage determined under paragraph 1 by the base daily fee.
  3. Round the amount determined under paragraph 2 to the nearest multiple of 50 cents.
- (6) The actual non-instructional day fee charged by a board to parents of pupils enrolled in an extended day program at a school of the board on a non-instructional day shall be determined as follows:
1. Multiply the base daily fee by 0.85.
  2. Multiply the amount determined under paragraph 1 by 1.2.
  3. Add the amount determined under paragraph 2 to the actual daily fee determined under subsection (5).
  4. Round the amount determined under paragraph 3 to the nearest multiple of 50 cents.
- (7) The assumption specified in clause (2) (a) about minutes of operation,
- (a) has no effect on the actual number of minutes of operation of the board's extended day programs; and
  - (b) does not prevent the board from providing extended day programs during different minutes and for different numbers of minutes in different schools.
- (8) The assumption specified in clause (2) (a) about average enrolment,
- (a) has no effect on the actual number of pupils that a board may enrol in an extended day program unit; and
  - (b) does not prevent the board from enrolling different numbers of pupils in extended day program units in different schools.

**Fees charged for before or after school portions of program**

**11.3** (1) Subsection (2) applies to a parent of a pupil if the pupil is enrolled in only the before school portion or the after school portion of an extended day program at a school of the board.

- (2) The fee charged by a board to a parent of a pupil described in subsection (1) shall be determined as follows:
  1. Determine the percentage that the number of minutes of operation of the before school portion or the after school portion, as the case may be, in the school bears to 300 minutes.
  2. Multiply the percentage determined under paragraph 1 by the base daily fee.
  3. Round the amount determined under paragraph 2 to the nearest multiple of 50 cents.

**Fees charged for specified portions of non-instructional day program**

**11.4** (1) Subsection (2) applies to a parent of a pupil if both of the following circumstances exist:

1. The pupil is enrolled in an extended day program at a school of the board on a non-instructional day.
  2. The pupil is only enrolled in the portion of the program that is operated during the time when junior kindergarten and kindergarten are operated on instructional days.
- (2) The fee charged by a board to a parent of a pupil described in subsection (1) shall be determined as follows:
1. Multiply the base daily fee by 0.85.
  2. Multiply the amount determined under paragraph 1 by 1.2.
  3. Round the amount determined under paragraph 2 to the nearest multiple of 50 cents.
- (3) Subsection (4) applies to a parent of a pupil if all of the following circumstances exist:
1. The pupil is enrolled in an extended day program at a school of the board on a non-instructional day.
  2. The pupil is enrolled in the portion of the program that is operated during the time when junior kindergarten and kindergarten are operated on instructional days.
  3. The pupil is enrolled in either,
    - i. the portion of the program that is operated during the time when the before school portion of a program is operated on instructional days, or
    - ii. the portion of the program that is operated during the time when the after school portion of a program is operated on instructional days.
- (4) The fee charged by a board to a parent of a pupil described in subsection (3) shall be determined as follows:

1. Multiply the base daily fee by 0.85.
2. Multiply the amount determined under paragraph 1 by 1.2.
3. Add the amount that would be determined under section 11.3 if the pupil attended the before school portion or after school portion, as the case may be, of a program operated on instructional days to the amount determined under paragraph 2.
4. Round the amount determined under paragraph 3 to the nearest multiple of 50 cents.

#### Operating costs

**11.5** (1) For the purposes of clause 11.2 (2) (a), a board's projected operating costs for an extended day program unit for the 2011/2012 school year and the 2012/2013 school year is, in the case of each of the school years, the sum of the following:

1. The projected total wages per unit for employees needed by the board to staff extended day programs in the year, based on the assumption that two employees are needed to staff each unit and determined in accordance with subsection (3). For the purposes of this paragraph and subsection (3), employees who staff an extended day program do not include employees about whom the average number is estimated under paragraph 1 of subsection (4) or employees who provide custodial services, administrative services or any other services ancillary to extended day programs.
  2. 24.32 per cent of the total determined under paragraph 1, on account of benefits.
  3. 13.4 per cent of the sum of the totals determined under paragraphs 1 and 2, on account of vacation and statutory holiday pay.
  4. 2 per cent of the sum of the totals determined under paragraphs 1 and 2, on account of professional development.
  5. 5 per cent of the sum of the totals determined under paragraphs 1, 2, 3 and 4, on account of use of supply staff.
  6. The projected total cost per unit of providing access to pupils with special education needs to the board's extended day programs in the year, determined in accordance with subsection (4).
  7. The projected total cost per unit of utilities and custodial services related to the board's extended day programs in the year, determined in accordance with subsection (5).
  8. The projected total supplies expenditures per unit related to the board's extended day programs on instructional days in the year, determined in accordance with subsection (6). An expenditure is a supplies expenditure if it is categorized as such in the Ministry's Uniform Code of Accounts, revised March 2010 and posted on the Ministry's website.
  9. The projected total cost per unit of food related to the board's extended day programs on instructional days in the year, determined in accordance with subsection (7).
  10. The projected total administrative costs per unit related to the board's extended day programs in the year, determined in accordance with subsection (8), including costs of record keeping and fees collection but not including transaction costs accounted for under paragraph 12.

  12. The projected total transaction costs per unit, determined in accordance with subsection (9).
- (2) The assumption specified in paragraph 1 of subsection (1) that two employees are needed to staff each extended day program unit,
- (a) has no effect on the actual number of employees that a board may employ to staff an extended day program unit; and
  - (b) does not prevent the board from having different numbers of employees staff extended day program units in different schools.
- (3) Projected total wages per unit under paragraph 1 of subsection (1) shall be determined as follows:
1. Determine the average hourly wages the board anticipates paying the employees needed by the board to staff an extended day program unit.
  2. Multiply the amount determined under paragraph 1 by 940 (representing 188 days multiplied by 5 hours which is 300 minutes).
  3. Multiply the amount determined under paragraph 2 by 2 (representing two employees).
- (4) Projected total cost per unit of providing access to pupils with special education needs to the board's extended day programs in the year under paragraph 6 of subsection (1) shall be determined as follows:

1. Estimate the average number of employees needed by the board to staff an extended day program unit (based on the assumption of 25 pupils per unit) for the purpose of providing access to pupils with special education needs to the program based on the following information, as available to the board:
    - i. The number of employees needed to provide special education services to pupils with special education needs enrolled in junior kindergarten and kindergarten and, if relevant, other classes in the primary or junior divisions in schools of the board, as compared to the total number of pupils enrolled in the classes, in the year preceding the relevant school year.
    - ii. The number of employees needed by the board to staff extended day program units for the purpose of providing access to pupils with special education needs to the program, as compared to the total number of pupils enrolled in the units, in the year preceding the relevant school year.
    - iii.     - iv. The extent to which parents of pupils identified in subparagraphs i to iii have expressed an interest in enrolling the pupils in one or more portions of an extended day program in a school of the board during the next school year.

  9. Estimate the total of any other costs per unit that the board has identified as necessary to provide access to pupils with special education needs to the board's extended day programs in the year, based on relevant experiences of the board or any other board. In estimating these costs, the board shall determine the types of costs that are necessary and the amount of each type of costs that is necessary.
  10. Total the amounts determined under paragraphs 4, 5, 6, 7, 8 and 9.
- (5) Projected total cost per unit of utilities and custodial services under paragraph 7 of subsection (1) shall be determined as follows:

  2. Multiply the number projected under paragraph 1 by 4700 (representing 25 pupils multiplied by 188 days).
- (8) Projected total administrative costs per unit under paragraph 10 of subsection (1) shall be determined as follows:

1. Determine the costs per unit related to contracts entered into by the board with third parties before the first school day in May of the preceding school year, if any, under which third parties will provide administrative services related to the board's extended day programs by,
  - i. estimating the average number of extended day program units for which a single third party contractor provides administrative services,
  - ii. determining the average cost of the board's contracts with the third parties, and
  - iii. dividing the amount determined under subparagraph i by the amount determined under subparagraph ii.
2. Determine the costs per unit related to employees of the board who spend 75 per cent or more of their time providing administrative services related to the board's extended day programs by,
  - i. estimating the number of program units managed by one full-time equivalent person employed of the board who spends 75 per cent or more of his or her time providing the administrative services,

La présente définition exclut toutefois les éventuels frais initiaux de mise en service ainsi que les pénalités ou les frais de paiement tardif. («additional charges and taxes»)

- (2) La définition qui suit s'applique aux paragraphes (4), (5) et (7).

«coût de la consommation d'électricité» Relativement à un logement locatif, s'entend, selon le cas :

$$(A + B) / C$$

où :

«A» représente, selon le cas :

$$(D / F) \times 12$$

où :

«D» représente le coût de la consommation d'électricité du logement locatif pour la partie de la période de 12 mois durant laquelle le logement était occupé;

«F» représente le nombre de mois complets durant lesquels le logement locatif était occupé au cours de la période de 12 mois;

- b) l'électricité théoriquement consommée par le logement locatif pour la période de 12 mois visée à la définition de l'élément «A» au paragraphe (4) est calculée selon la formule suivante :

$$(E/F) \times 12$$

où :

«E» représente l'électricité consommée par le logement locatif pour la partie de la période de 12 mois durant laquelle le logement était occupé;

«F» représente le nombre de mois complets durant lesquels le logement locatif était occupé au cours de la période de 12 mois.

**Réduction du loyer fondée sur une estimation de la consommation passée du logement locatif**

(6) Le montant minimum de la réduction du loyer d'un logement locatif accordée pour une période de location peut être calculé conformément aux règles suivantes :

1. Calculer le coût annuel de la consommation d'électricité de tous les logements locatifs de l'ensemble d'habitation selon la formule suivante :

$$G - H$$

où :

«G» représente le coût de la consommation d'électricité de l'ensemble d'habitation pour la période de 12 mois la plus récente — précédant la date à laquelle les renseignements visés au paragraphe 5 (3) sont fournis au locataire — pour laquelle des renseignements sont disponibles;

«H» représente le coût de la consommation d'électricité pour la même période de 12 mois pour la partie de l'ensemble d'habitation autre que les logements locatifs, estimé par un particulier titulaire d'un permis au sens de la *Loi sur les ingénieurs*.

2. Calculer la quantité annuelle d'électricité consommée par tous les logements locatifs de l'ensemble d'habitation selon la formule suivante :

$$J - K$$

où :

«J» représente l'électricité consommée par l'ensemble d'habitation pour la période de 12 mois la plus récente — précédant la date à laquelle les renseignements visés au paragraphe 5 (3) sont fournis au locataire — pour laquelle des renseignements sont disponibles;

«K» représente l'électricité consommée pour la même période de 12 mois pour la partie de l'ensemble d'habitation autre que les logements locatifs, estimée par un particulier titulaire d'un permis au sens de la *Loi sur les ingénieurs*.

3. Calculer le coût annuel estimatif de la consommation d'électricité du logement locatif selon la formule suivante :

$$(L \times N) / P$$

où :

«L» représente le coût annuel de la consommation d'électricité de tous les logements locatifs de l'ensemble d'habitation, calculé conformément à la disposition 1;

«N» représente la superficie du logement locatif, exprimée en pieds carrés;

$$(M \times N) / P$$

où :

«M» représente la quantité annuelle d'électricité consommée par tous les logements locatifs de l'ensemble d'habitation, calculée conformément à la disposition 2;

«N» représente la superficie du logement locatif, exprimée en pieds carrés;

«P» représente la superficie totale de tous les logements locatifs de l'ensemble d'habitation, exprimée en pieds carrés.

5. Calculer le coût estimatif de l'approvisionnement du logement locatif en électricité pour une période de location selon la formule suivante :

$$(Q + R) / S$$

où :

«Q» représente le coût annuel estimatif de la consommation d'électricité du logement locatif, calculé conformément à la disposition 3;

«R» représente le total des frais et impôts supplémentaires se rapportant au logement locatif pour la période de 12 mois subséquente, estimé en fonction de la quantité annuelle estimative d'électricité consommée par le logement locatif, calculée conformément à la disposition 4;

«S» représente le nombre de périodes de location dans une période de 12 mois.

6. Le montant calculé conformément à la disposition 5 représente le montant de la réduction du loyer du logement locatif accordée pour une période de location.

#### Réduction du loyer d'un logement locatif à chauffage électrique

(7) Si le locateur met fin à son obligation d'approvisionner un logement locatif en électricité en vertu du paragraphe 137 (5) de la Loi, le montant minimum de la réduction du loyer du logement locatif accordée pour une période de location est calculé selon la formule suivante :

$$(T + U) / V$$

où :

«T» représente, selon le cas :

- le coût de la consommation d'électricité du logement locatif pour la période de 12 mois la plus récente — précédant la date à laquelle les renseignements visés au paragraphe 5 (3) sont fournis au locataire — pour laquelle des renseignements sont disponibles, à l'exclusion de la partie qui est attribuable à la consommation d'électricité pour le chauffage,
- le coût rajusté de la consommation d'électricité, calculé conformément à l'alinéa (8) a), du logement locatif pour cette période de 12 mois, à l'exclusion de la partie qui est attribuable à la consommation d'électricité pour le chauffage, si le logement locatif était libre pendant un ou plusieurs mois au cours de cette période;

«U» représente le total des frais et impôts supplémentaires se rapportant au logement locatif pour la période de 12 mois subséquente, estimé en fonction :

- soit de l'électricité consommée par le logement locatif pour la période de 12 mois visée à l'élément «T», à l'exclusion de l'électricité consommée pour le chauffage,
- soit de l'électricité théoriquement consommée par le logement locatif pour la période de 12 mois visée à l'élément «T», calculée conformément à l'alinéa (8) b), à l'exclusion de l'électricité consommée pour le chauffage, si le logement locatif était libre pendant un ou plusieurs mois au cours de cette période;

«V» représente le nombre de périodes de location dans une période de 12 mois.

(8) Si le logement locatif est libre pendant un ou plusieurs mois au cours de la période de 12 mois visée à la définition de l'élément «T» au paragraphe (7) :

- le coût rajusté de la consommation d'électricité à employer dans la définition de l'élément «T» est calculé selon la formule suivante :

$$(W/Y) \times 12$$

où :

«W» représente le coût de la consommation d'électricité du logement locatif pour la partie de la période de 12 mois durant laquelle le logement était occupé, à l'exclusion de la partie qui est attribuable à la consommation d'électricité pour le chauffage;

«Y» représente le nombre de mois complets durant lesquels le logement locatif était occupé au cours de la période de 12 mois;

- l'électricité théoriquement consommée par le logement locatif pour la période de 12 mois visée à la définition de l'élément «U» au paragraphe (7) est calculée selon la formule suivante :

$$(X / Y) \times 12$$

où :

«X» représente l'électricité consommée par le logement locatif pour la partie de la période de 12 mois durant laquelle le logement était occupé, à l'exclusion de l'électricité consommée pour le chauffage;

(3) Si le locateur remplace un réfrigérateur dans un logement locatif, le nouveau réfrigérateur doit avoir été fabriqué le 31 décembre 2002 ou après cette date.

(4) Si, le 13 octobre 2010, le locataire est facturé par le distributeur ou le fournisseur de compteurs individuels pour la consommation d'électricité d'un logement locatif, la règle énoncée au paragraphe (2) ne s'applique à l'égard du logement locatif que deux ans après la date d'entrée en vigueur du paragraphe 137 (9) de la Loi.

**Obligations en matière d'économie et d'utilisation efficace de l'électricité dans les autres circonstances prescrites — par. 137 (10) de la Loi**

- 2. Il n'y a aucune restriction quant aux circonstances dans lesquelles une requête relative à un manquement aux obligations prévues au paragraphe 137 (9) ou (10) de la Loi peut être présentée.

**RÉPARTITION DES FRAIS DE SERVICES D'UTILITÉ PUBLIQUE**

**Calcul de la partie des frais du service demandée au locataire — par. 138 (1) de la Loi**

13. (1) Les règles suivantes s'appliquent si, en vertu du paragraphe 138 (1) de la Loi, le locateur d'un immeuble comptant au plus six logements locatifs qui fournit un service d'utilité publique à chaque logement locatif de l'immeuble demande au locataire une partie des frais du service :

- 1. Sous réserve de la disposition 2, la partie des frais demandée au locataire pour une période de facturation doit être calculée selon la méthode indiquée au paragraphe (2) ou (3).
- 2. Si les frais sont répartis entre les locataires de plus d'un logement locatif, la partie des frais attribuée à chacun de ces logements locatifs doit être calculée selon la même méthode.
- 3. Les règles énoncées aux dispositions 1 et 2 ne s'appliquent pas à l'égard d'un service donné si, immédiatement avant la date d'entrée en vigueur du paragraphe 138 (1) de la Loi, le locateur demandait à un des locataires de l'immeuble une partie des frais de ce service.

(2) Les frais du service d'utilité publique peuvent être attribués à un logement locatif en divisant le total des frais du service engagés pour toutes les habitations de l'immeuble et les aires communes connexes pour chaque période de facturation par le nombre d'habitations de l'immeuble.

(3) Les frais du service d'utilité publique peuvent être attribués à un logement locatif en divisant le total des frais du service engagés pour toutes les habitations de l'immeuble et les aires communes connexes pour chaque période de facturation par la superficie totale en pieds carrés de toutes les habitations de l'immeuble, et en multipliant le résultat obtenu par la superficie en pieds carrés du logement locatif du locataire concerné.

(4) Pour l'application des paragraphes (2) et (3), le total des frais du service d'utilité publique ne comprend pas les pénalités ou les frais de paiement tardif.

**Avis de répartition des frais de services d'utilité publique — al. 138 (1) a) de la Loi**

**14.** (1) Les règles suivantes s'appliquent à l'égard de l'avis que le locateur est tenu par l'alinéa 138 (1) a) de la Loi de remettre au locataire d'un logement locatif à qui il compte demander une partie des frais d'un service d'utilité publique :

1. Le locateur doit remettre un avis écrit au locataire au moins 30 jours avant de commencer à lui demander une partie des frais du service.
2. L'avis doit mentionner le montant de la réduction du loyer du logement locatif et la date d'effet de la réduction.
3. L'avis doit indiquer la méthode de calcul de la partie des frais du service demandée au locataire ainsi que la méthode de calcul de la réduction du loyer.

(2) Le paragraphe (1) ne s'applique pas si, immédiatement avant la date d'entrée en vigueur du paragraphe 138 (1) de la Loi, le locateur demandait au locataire une partie des frais du service d'utilité publique.

**Réduction du loyer : répartition des frais de services d'utilité publique — al. 138 (1) b) de la Loi**

**15.** (1) Les règles suivantes s'appliquent à l'égard de la réduction du loyer prévue à l'alinéa 138 (1) b) de la Loi si une partie des frais d'un service d'utilité publique doit être demandée au locataire d'un logement locatif :

1. Le locateur réduit le loyer du logement locatif le premier jour de la période de location qui commence au plus tard le premier jour à l'égard duquel il demandera une partie des frais du service au locataire.
2. Le montant minimum de la réduction du loyer doit être calculé selon la méthode indiquée au paragraphe (2) ou (3).
3. Les règles énoncées aux dispositions 1 et 2 ne s'appliquent pas à l'égard d'un service donné si, immédiatement avant la date d'entrée en vigueur du paragraphe 138 (1) de la Loi, le locateur demandait à un des locataires de l'immeuble une partie des frais de ce service.

(2) Si la partie des frais du service d'utilité publique demandée au locataire est fondée sur le nombre d'habitations de l'immeuble, le montant minimum de la réduction du loyer du logement locatif du locataire accordée pour une période de location est calculé selon la formule suivante :

$$(A / B) / C$$

où :

«A» représente le total des frais du service engagés pour toutes les habitations de l'immeuble et les aires communes connexes pour la période de 12 mois la plus récente — précédant la date de remise de l'avis prévu à l'alinéa 138 (1) a) de la Loi — pour laquelle des renseignements sont disponibles, à l'exclusion des pénalités ou des frais de paiement tardif;

«B» représente le nombre d'habitations de l'immeuble;

«C» représente le nombre de périodes de location dans une période de 12 mois.

(3) Si la partie des frais du service d'utilité publique demandée au locataire est fondée sur la superficie en pieds carrés de son logement locatif, le montant de la réduction du loyer de ce dernier accordée pour une période de location est calculé conformément aux règles suivantes :

1. Attribuer au logement locatif du locataire une partie des frais annuels du service engagés pour l'immeuble selon la formule suivante :

$$(A \times D) / E$$

où :

«A» s'entend au sens du paragraphe (2);

«D» représente la superficie en pieds carrés du logement locatif du locataire;

«E» représente la superficie totale en pieds carrés de toutes les habitations de l'immeuble.

2. Calculer la partie des frais annuels du service qui doit être attribuée au logement locatif pour chaque période de location selon la formule suivante :

$$F / C$$

où :

«F» représente le montant calculé conformément à la disposition 1;

«C» s'entend au sens du paragraphe (2).

3. Le montant calculé conformément à la disposition 2 représente le montant de la réduction du loyer du logement locatif accordée pour une période de location.

#### Renseignements à fournir aux locataires éventuels — par. 138 (4) de la Loi

16. (1) Les renseignements indiqués au présent article sont ceux que le locateur est tenu par le paragraphe 138 (4) de la Loi de fournir à un locataire éventuel s'il demande aux locataires une partie des frais d'un service d'utilité publique.

#### Obligations du locateur en matière d'économie et d'utilisation efficace du service d'utilité publique — par. 138 (5) de la Loi

17. (1) Les règles énoncées au présent article s'appliquent à l'égard des obligations du locateur prévues au paragraphe 138 (5) de la Loi en matière d'économie et d'utilisation efficace du service d'utilité publique.

(2) Si le locateur demande à l'un des locataires d'un immeuble une partie du coût de l'électricité, tous les réfrigérateurs qu'il fournit aux logements locatifs de l'immeuble doivent avoir été fabriqués le 1<sup>er</sup> janvier 1994 ou après cette date.

(3) Si le locateur demande à l'un des locataires d'un immeuble une partie du coût de l'électricité, tous les nouveaux réfrigérateurs qu'il fournit aux logements locatifs de l'immeuble doivent avoir été fabriqués le 31 décembre 2002 ou après cette date.

(4) Si, le 13 octobre 2010, le locateur demande à l'un des locataires d'un immeuble une partie du coût de l'électricité, la règle énoncée au paragraphe (2) ne s'applique à l'égard de tout logement locatif de l'immeuble que deux ans après la date d'entrée en vigueur du paragraphe 138 (5) de la Loi.

#### Demande d'ordonnance par le locataire : manquement aux obligations du locateur — par. 138 (6) de la Loi

18. Les circonstances dans lesquelles le locataire ou l'ancien locataire d'un logement locatif peut demander par requête, en vertu du paragraphe 138 (6) de la Loi, que soit rendue une ordonnance déterminant si le locateur a manqué à une obligation prévue à l'article 138 de la Loi sont les suivantes :

1. Une requête relative à un manquement aux obligations prévues au paragraphe 138 (1) ou (4) de la Loi doit être présentée dans un délai d'un an après que le manquement présumé s'est produit pour la première fois.

## PERMANENT REGISTER OF ELECTORS FOR ONTARIO AND LIST OF ELECTORS GUIDELINES

### 1.0 OVERVIEW

The *Election Act* requires the Chief Electoral Officer to establish and maintain a permanent register of electors for Ontario, to implement measures to verify its accuracy, and to ensure that the permanent register is updated at least once a year.

The purpose of these guidelines is to inform political entities (candidates, members of the Legislative Assembly and political parties) of the use and access requirements in the *Election Act* and additional best practices for maintaining the privacy of the information contained in the Permanent Register of Electors for Ontario (Register or PREO) or the List of Electors (an extract from the Register for each electoral district during an election period).

These guidelines include elements pertaining to the distribution and use of the annual update for the Register and the List of Electors during an electoral event. They have been created to reflect a strengthened privacy management framework at Elections Ontario.

The Register contains personal information (e.g. name, address, date of birth and gender) about Ontario electors. The List of Electors contains name and address information for electors. Elections Ontario places high importance on respecting the privacy of personal information. It is therefore important for authorized users of the PREO or the List of Electors to take appropriate measures, as described in these guidelines, to maintain the privacy of the personal information from the PREO or the List of Electors and preserve the integrity of the administration of Ontario's electoral system.

### 2.0 DISTRIBUTION

The following table provides an overview of the distribution of elector information to authorized recipients, including political entities. Relevant sections of the *Election Act* have been noted where appropriate.

It is an offence under the *Election Act* to use information from the Register or List of Electors for anything other than electoral purposes and it is an offence to use the information for commercial purposes (s. 17(4)(1)). Unauthorized use is punishable by a fine of up to \$5,000 (s. 97).

### 3.0 USE AND ACCESS RESTRICTIONS

#### Policy Requirement

The *Election Act* requires registered political parties to develop a policy to ensure that its candidates, members of the Assembly, employees and agents comply with the restrictions on use of information from the Register or the List of Electors under s. 17(4)(1) of the *Election Act*.

Independent members of the Legislative Assembly must meet the same requirements for a policy as the registered political parties.

In addition, the policy must include the privacy requirements outlined in these Guidelines.

#### Filing Requirement

A political party should file its privacy policy with Elections Ontario as soon as possible after receiving confirmation from Elections Ontario of its status as a registered political party.

Once a political party or independent member of the Assembly has filed its policy with Elections Ontario, they will be required to provide confirmation in writing by January 31 of each calendar year of what changes, if any, have been made to the policy.

This written confirmation should be updated as soon as possible in the event that changes are made after January 31<sup>st</sup>.

For a political party and its candidates during a Writ period, the policy filed by the party on January 31<sup>st</sup> of that calendar year will apply for the election event unless the party notifies Elections Ontario in writing of any changes made.

Candidates who are not members of a registered political party are also required to have in place a policy that complies with the restrictions on use of information under s. 17(4)(1). The candidate must file their written policy with the Returning Office when the Returning Officer provides the Preliminary List of Electors.

A sample policy is contained in Appendix A

Where a candidate was a previously sitting independent member of the Legislative Assembly and wishes to use the same policy as filed with Elections Ontario, the candidate must file a copy of their policy when the Returning Officer provides the Preliminary List of Electors to the candidate.

### Use of Information Restrictions

The *Election Act* requires that the policy ensure that a person who obtains information, directly or indirectly, from the Register or from a List of Electors complies with the requirements to:

- only use the information for electoral purposes,
- not to use the information for commercial purposes, and
- only disclose it to others after obtaining their written acknowledgement that they are bound by the restrictions on use in section 17.4.

### Written Acknowledgements

A political entity must ensure that all entities with whom information is being shared from the Register or List of Electors, as applicable, sign a written acknowledgement of these use restrictions prior to receiving access to the information.

A sample written acknowledgement is provided in Appendix D.

### Distribution Tracking

When a political entity provides a copy of information from the Register or an extract of the Register to anyone, in addition to obtaining the written acknowledgement, the entity must also track the following information:

- date of distribution,
- who the information was provided to,
- type of document (e.g. electronic copy of PREO),
- confirmation that the written acknowledgment has been signed and
- confirmation of the date the copy was returned to the political entity.

A sample distribution tracking form can be found in Appendix B for an election event and in Appendix C for the annual release.

### Filing of Distribution Tracking

The tracking distribution documentation must be filed with Elections Ontario as follows:

For the annual release to registered political parties:

- within 30 days of receiving the annual update notification from Elections Ontario; or
- Within 30 days of a Writ being issued for a general election.

For the annual release to members of the Legislative Assembly:

- within 30 days of receiving the annual update notification from Elections Ontario; or
- within 30 days of a Writ being issued.

For candidates, the tracking distribution documentation should be filed at the same time as the candidate files their financial returns under the *Election Finances Act*.

If a member of the Legislative Assembly resigns or has forfeited the office to which they were elected, the member must provide the documentation outlined in these Guidelines to Elections Ontario within 30 days of their resignation or removal.

#### 4.0 REPRODUCTION RESTRICTIONS

Under section 17.4(3) of the *Election Act*, no individual may reproduce, store, or transmit any part of the information obtained electronically from the permanent register (including the List of Electors) for any purpose except as follows:

- Registered political parties and Members of the Legislative Assembly who have received an update of the Permanent Register for the whole of Ontario as a result of an annual update (section 17.1(3)(1)(i) or (ii)) or have received an update with respect to a specific electoral district under section 17.1(3)(2)).
- An individual or entity who has received the information from the registered political party or member of the Assembly in the situation described above, so long as that person or entity signs a written acknowledgment that they are bound by the restrictions in the *Election Act* on use of the information for electoral purposes only and not for commercial purposes (s. 17.4(4)(b)).

#### 5.0 ADDITIONAL PRIVACY REQUIREMENTS

In addition to the restrictions on use and reproduction contained in the *Election Act*, to help political entities protect the information from the Register and on the List of Electors, Elections Ontario requires political entities to implement the following privacy safeguards outlined in this Guideline through the party or candidate's policy, as applicable. These safeguards provide a framework to protect the privacy of personal information contained in the Register and the List during their use, how to dispose of the information after it has been used, and what to do if a copy of the information is lost or stolen.

The political entity must:

Provide clear direction to all authorized users regarding the proper use of the information in the List of Electors, Register or Register extract.

Provide the List of Electors, Register or Register extract only to people who need access to communicate with electors and constituents on behalf of the political entity or to do work for electoral purposes on behalf of the political entity.

Limit the number of people who have access to reduce the chances of a privacy breach.

Ensure that the List of Electors, Register or Register extract are kept secure when not in use by storing the electronic copy on a secure, password-protected computer; keep paper copies in locked filing cabinets. Passwords and keys should be strictly controlled by the person responsible for privacy safeguards.

Ensure that all authorized users understand the importance of protecting the privacy of electors' information.

Obtain from each authorized user a written acknowledgement (see sample in Appendix D) that the individual:

- understands the limits on use and disclosure of the lists;
- understands the importance of protecting the personal information on the lists;
- undertakes to protect the confidentiality of that information;
- will use the information only for the purposes set out in the *Election Act*; and
- will return the lists on completion of the task for which the lists were provided to the party or candidate, as applicable.

#### Loss/Theft

If a copy of the Register, an extract from the Register or a copy of the List of Electors is lost or stolen, the personal information on the lists might be used for unauthorized purposes. Loss or theft therefore constitutes a potential privacy breach, and should be dealt with quickly and effectively. While each incident will require a unique approach, it is recommended that the person responsible for privacy safeguards follow these general steps:

- Contain the breach and identify its source.
- Document the circumstances that led to the incident.

- Review your internal policies, processes and procedures to prevent future incidents.
- Report the loss or theft to the Chief Electoral Officer

#### Safe and Secure Disposal of Personal Information

All political entities should dispose of personal information in a safe and secure way once its use is no longer authorized. To prevent unauthorized parties from accessing personal data, it is important to use care in the disposal and destruction of personal information. Reasonable steps must be taken to protect the security and confidentiality of personal information that is to be destroyed, including protecting its security and confidentiality during its storage, transportation, handling and destruction.

The following provides the requirements for political entities on how to dispose of personal information in a safe and secure manner.

Methods used must ensure that personal records cannot be reconstructed. Printed copies of documents must be properly shredded and electronic data must be permanently erased using methods that prevent the restoration of such data.

For printed copies, destruction means cross-cut shredding, not simply continuous (single strip) shredding, which can be reconstructed.

For electronic and wireless media, destruction means either physically damaging the item (rendering it unusable) and discarding it, and employing wiping utilities provided by various software companies to erase every bit of data on a drive.

#### Secure Disposal Documentation

Political entities should create a certificate of destruction that documents the following information:

- the records that are being destroyed
- the date, time and location of destruction
- the method of destruction
- the name and signature of the individual responsible for destruction

Personal information pertaining to the record being destroyed must not be included in the disposal record.

#### Filing of Secure Disposal Documentation

The secure destruction documentation must be filed with Elections Ontario as follows:

- For the annual release to registered political parties within 30 days of receiving the annual update notification from Elections Ontario.
- For the annual release to members of the Legislative Assembly, within 30 days of receiving the annual update notification from Elections Ontario.
- For candidates, should be filed at the same time as the candidate files their financial returns under the *Election Finances Act*.

A sample secure destruction form can be found in Appendix E for both an election event and for the annual release.

If the political entity has an external company provide secure destruction services, a Certificate of Destruction must be provided by the shredding company and filed by the political entity along with the secure destruction documentation.

#### If Selecting a Service Provider to Securely Destroy Personal Information Documentation

Set out the responsibility of the service provider for the secure destruction of the records involved

Specify how the destruction will be accomplished, under what conditions and by whom

Require that a certificate of destruction be issued upon completion, including:

- the records that are being destroyed
- the date, time and location of destruction
- the method of destruction
- the name and signature of the operator

Personal information pertaining to the record being destroyed must not be included in the disposal record.

#### Secure Destruction Exception

It should be noted that the secure destruction requirements in these Guidelines applies to the electronic or paper copies provided by Elections Ontario as outlined in section 2.0 and any additional standalone copies made of those that have been distributed by the political entity to individuals acting on its behalf.

The Guidelines do not require a political entity to wipe information that has been integrated into databases that the political entity has created for electoral purposes.

## **6.0 PRIVACY BEST PRACTICES**

### Working in a Mobile Environment

The employees, volunteers or agents of political entities may be required to deal with elector information in a mobile environment. As part of its efforts to protect the privacy of electors' personal information, Elections Ontario would recommend to political entities that they consider the following best practices that enhance the security and confidentiality of data while working within a mobile environment.

#### *Removing records from the office*

Records should only be removed from the office when it is absolutely necessary to do so.

Employees, volunteers or agents of the political entity should obtain any approvals required, and where possible, original documents should remain in the office and only copies be removed.

A record of the information being removed should be kept in a safe location.

#### *Paper records*

While in transit, paper records should be securely packaged and locked and should remain in the possession of the employees, volunteers or agents of the political entity.

If being used at home, records must be accessible only to the employees, volunteers or agents of the political entity and must be kept locked away when not in use.

#### *Public Transit*

Personal information, whether in printed or electronic format, should never be accessed by employees, volunteers or agents of the political entity while travelling on public transportation.

#### *Electronic records*

Electronic records containing personal information should be stored and encrypted on a password-protected disk, CD, or removable drive rather than on the hard drive of a laptop or home computer.

Removable drives should always remain within the possession of the employees, volunteers or agents of the political entity or be kept in a secure location that is not accessible to others.

#### *Laptops and home computers*

Access to laptop, home computers, should be password-controlled, and any data on the hard drive must be encrypted.

Other reasonable safeguards, such as anti-virus software and personal firewalls, could also be installed.

Laptops should always be stored in a secure location.

*Wireless technology*

Political entities should protect the privacy and confidentiality of personal information stored on wireless devices such as personal digital assistants and cell phones. Access to such devices should be password-controlled, and any stored data should be encrypted.

When working at locations outside the office, employees, volunteers or agents of the political entity should maintain constant control of wireless devices and care must be taken to prevent loss or theft.

*Email, fax and photocopy*

When working at home or at other locations outside the office, employees should avoid sending personal information by e-mail or fax. When necessary, employees should fax or photocopy personal information themselves.

Where fax and photocopy machines are not available for individual use and records containing personal information are given to a third party, the employee must be present when these tasks are being done.

Appoint a person to be responsible for implementing safeguards

It is recommended that political entities appoint a person responsible for implementing privacy safeguards. Responsibilities could include:

- designing and implementing specific protocols regarding the use, safeguarding and disposal of the lists
- answering questions about the political entity's authorized use of the lists
- controlling access to the lists
- communicating the political entity's policy and these guidelines to persons who have been given access to the lists of electors

## LIGNES DIRECTRICES RELATIVES AU REGISTRE PERMANENT DES ÉLECTEURS DE L'ONTARIO ET À LA LISTE DES ÉLECTEURS

### 1.0 PRÉSENTATION GÉNÉRALE

En vertu des dispositions de la *Loi électorale*, le directeur général des élections est tenu d'établir et de conserver un registre permanent des électeurs de l'Ontario, de prendre des mesures visant à vérifier son exactitude et d'assurer sa mise à jour au moins une fois par an.

Les présentes lignes directrices visent à informer les entités politiques (candidats, députés à l'Assemblée législative et partis politiques) des dispositions de la *Loi électorale* portant sur les modalités d'utilisation et d'accès au Registre permanent des électeurs de l'Ontario (le Registre ou RPEO) ou à la Liste des électeurs (extrait du Registre par circonscription électorale en période d'élections), ainsi que des pratiques exemplaires complémentaires visant à préserver la confidentialité des renseignements y figurant.

Les présentes lignes directrices abordent des points ayant trait à la diffusion et à l'utilisation de la mise à jour annuelle du Registre et de la Liste des électeurs pendant un scrutin et reflètent le renforcement des principes de gestion de la confidentialité adoptés par Élections Ontario.

Le Registre contient des renseignements à caractère personnel (nom, adresse, date de naissance et sexe, notamment) concernant les électeurs de l'Ontario. La Liste des électeurs fait état du nom et de l'adresse des électeurs. Élections Ontario attache la plus grande importance au respect de la confidentialité de ces renseignements. Par conséquent, il s'avère capital que les utilisateurs autorisés du RPEO ou de la Liste des électeurs prennent les mesures qui s'imposent, telles que décrites dans les présentes lignes directrices, afin de garantir la confidentialité des renseignements à caractère personnel figurant au RPEO ou sur la Liste des électeurs et de préserver l'intégrité de l'administration du système électoral de l'Ontario.

En vertu des dispositions de la *Loi électorale*, l'utilisation des renseignements figurant au Registre ou sur la Liste des électeurs à des fins autres qu'électorales, et notamment à des fins commerciales (art. 17(4)(1)), constitue un délit. Toute utilisation non autorisée est passible d'une amende maximale de 5 000 \$ (art. 97).

### 3.0 RESTRICTIONS D'UTILISATION ET D'ACCÈS

#### Obligation en matière d'élaboration d'une politique

En vertu des dispositions de la *Loi électorale*, les partis politiques inscrits sont tenus d'élaborer une politique visant à garantir que leurs candidats, députés à l'Assemblée législative, employés et agents respectent les restrictions relatives à l'utilisation des renseignements figurant au Registre ou sur la Liste des électeurs conformément à l'article 17(4) de la *Loi électorale*.

Les députés indépendants à l'Assemblée législative sont tenus de satisfaire aux mêmes obligations en la matière que les partis politiques inscrits.

De surcroît, ladite politique doit refléter les exigences en matière de confidentialité stipulées dans les présentes lignes directrices.

#### Obligation de dépôt

Tout parti politique est tenu de déposer sa politique de confidentialité auprès d'Élections Ontario dans les plus brefs délais, dès réception de la confirmation d'inscription dudit parti politique par Elections Ontario.

Une fois le dépôt effectué auprès d'Élections Ontario par un parti politique ou un député indépendant à l'Assemblée législative, ce dernier est tenu de confirmer par écrit, au plus tard le 31 janvier de chaque année, les modifications apportées, le cas échéant, à ladite politique.

Ladite confirmation écrite doit être mise à jour dans les plus brefs délais en cas de modifications ultérieures au 31 janvier.

Pendant la période de convocation des électeurs, la politique déposée par un parti politique au 31 janvier de l'année en cours s'applique au scrutin, sauf notification écrite du parti à Elections Ontario indiquant les modifications apportées.

Les candidats qui n'appartiennent à aucun parti politique inscrit sont également tenus de mettre en place une politique conforme aux restrictions relatives à l'utilisation des renseignements en vertu de l'article 17(4). Les candidats doivent déposer leur politique par écrit auprès du directeur du scrutin lorsque ce dernier leur remet la Liste préliminaire des électeurs.

Un exemple de politique figure en annexe A.

Lorsqu'un candidat, auparavant député indépendant à l'Assemblée législative, souhaite avoir recours à la politique déposée précédemment auprès d'Élections Ontario, le candidat doit déposer un exemplaire de ladite politique lorsque le directeur du scrutin lui remet la Liste préliminaire des électeurs.

#### Restrictions relatives à l'utilisation des renseignements

En vertu des dispositions de la *Loi électorale*, cette politique vise à garantir que toute personne obtenant des renseignements qui proviennent, directement ou indirectement, du Registre ou de la Liste des électeurs satisfait aux exigences suivantes et s'engage :

- à utiliser uniquement lesdits renseignements à des fins électorales,
- à ne pas utiliser lesdits renseignements à des fins commerciales, et
- à divulguer lesdits renseignements à des tiers uniquement après obtention d'une attestation écrite dans laquelle ils s'engagent à respecter les restrictions d'utilisation stipulées à l'article 17.4.

#### Attestations écrites

Chaque entité politique doit s'assurer que toute entité à laquelle elle communique les renseignements figurant au Registre ou sur la Liste des électeurs, selon le cas, signe une attestation écrite portant sur les présentes restrictions d'utilisation avant d'avoir accès auxdits renseignements.

Un exemple d'attestation écrite figure en annexe D.

#### Suivi de la diffusion

Lorsqu'une entité politique remet un exemplaire des renseignements figurant au Registre ou un extrait du Registre à quiconque, cette dernière doit non seulement obtenir une attestation écrite, mais aussi consigner les renseignements suivants à des fins de suivi :

- Date de diffusion
- Identité de la personne recevant les renseignements
- Type de document (p. ex. RPEO au format électronique)
- Confirmation de la signature d'une attestation écrite
- Confirmation de la date de retour de l'exemplaire auprès de l'entité politique

Un exemple de formulaire de suivi de la diffusion figure en annexe B (en cas de scrutin) ou en annexe C (en cas de mise à jour annuelle).

#### Dépôt des documents de suivi de la diffusion

Les documents de suivi de la diffusion doivent être déposés auprès d'Élections Ontario dans les délais suivants :

Mise à jour annuelle à l'intention des partis politiques inscrits :

- 30 jours, à compter de la réception de la notification de mise à jour annuelle par Élections Ontario ; ou
- 30 jours, à compter de l'émission du décret de convocation des électeurs pour une élection générale.

Mise à jour annuelle à l'intention des députés à l'Assemblée législative :

- 30 jours, à compter de la réception de la notification de mise à jour annuelle par Élections Ontario ; ou

- 30 jours, à compter de l'émission du décret de convocation des électeurs.

Candidats : les documents de suivi de la diffusion doivent être déposés en même temps que leurs rapports financiers en vertu de la *Loi sur le financement des élections*.

Si un député à l'Assemblée législative a démissionné ou a été démis de ses fonctions, ledit député doit remettre les documents stipulés dans les présentes lignes directrices à Élections Ontario dans un délai de 30 jours à compter de sa démission ou de sa destitution.

#### 4.0 RESTRICTIONS DE REPRODUCTION

En vertu de l'article 17.4(3) de la *Loi électorale*, nul n'est autorisé à reproduire, conserver ou transmettre une quelconque partie des renseignements figurant au Registre permanent (y compris sur la Liste des électeurs) qui seraient obtenus par voie électronique, sauf dans les cas énoncés ci-après :

- Partis politiques inscrits et députés à l'Assemblée législative ayant reçu une mise à jour du Registre permanent pour l'ensemble de l'Ontario consécutivement à une mise à jour annuelle (article 17.1(3)(1)(i) ou (ii)) ou ayant reçu une mise à jour portant sur une circonscription électorale donnée (en vertu de l'article 17.1(3)(2)).
- Personne ou entité ayant obtenu lesdits renseignements par l'entremise d'un parti politique inscrit ou d'un député à l'Assemblée législative dans les circonstances susmentionnées, sous réserve que ladite personne ou entité signe une attestation écrite dans laquelle elle s'engage à respecter les restrictions stipulées dans la *Loi électorale* concernant l'utilisation des renseignements à des fins électorales uniquement, et non à des fins commerciales (art. 17.4(4)(b)).

#### 5.0 EXIGENCES COMPLÉMENTAIRES EN MATIÈRE DE CONFIDENTIALITÉ

Outre les restrictions relatives à l'utilisation et la reproduction stipulées dans la *Loi électorale*, Élections Ontario exige que les entités politiques mettent en place les mesures de protection stipulées ci-après, dans le cadre de la politique du parti ou du candidat, selon le cas, afin de les aider à préserver la confidentialité des renseignements figurant au Registre ou sur la Liste des électeurs. Lesdites mesures de protection constituent un cadre permettant de préserver la confidentialité des renseignements à caractère personnel figurant au Registre et sur la Liste des électeurs pendant leur utilisation. Elles visent également à définir les principes à respecter pour se départir de ces renseignements après utilisation, ainsi que les démarches en cas de perte ou de vol desdits renseignements.

L'entité politique est tenue de :

Donner des instructions claires à l'ensemble des utilisateurs autorisés concernant l'utilisation adaptée des renseignements figurant sur la Liste des électeurs, au Registre ou dans un extrait quelconque du Registre.

Remettre uniquement la Liste des électeurs, le Registre ou tout extrait du Registre aux personnes devant y accéder aux fins de communiquer avec les électeurs pour le compte de l'entité politique.

Restreindre le nombre de personnes y ayant accès afin de réduire les risques d'atteinte à la vie privée.

S'assurer que les listes, le Registre ou tout extrait du Registre sont conservés en lieu sûr lorsqu'ils ne sont pas utilisés, à savoir sur un ordinateur sécurisé et protégé par mot de passe (versions électroniques) ou dans un classeur fermé à clé (exemplaires papier). Les mots de passe et les clés doivent rester sous la supervision étroite de la personne chargée des mesures de protection de la confidentialité.

S'assurer que l'ensemble des utilisateurs autorisés comprend l'importance de préserver la confidentialité des renseignements relatifs aux électeurs.

Obtenir une attestation écrite signée par chaque utilisateur autorisé (voir l'exemple en annexe D) dans laquelle cette personne déclare qu'elle :

- comprend les restrictions relatives à l'utilisation et à la divulgation des listes ;
- comprend l'importance de préserver la confidentialité des renseignements à caractère personnel figurant sur les listes ;
- s'engage à protéger la confidentialité desdits renseignements ;
- utilisera uniquement les renseignements aux fins stipulées dans la *Loi électorale* ; et
- rendra les listes une fois qu'elle aura accompli la tâche pour laquelle les listes ont été remises au parti ou au candidat, selon le cas.

Perte ou vol

Si un exemplaire du Registre, un extrait du Registre ou un exemplaire de la Liste des électeurs a été perdu ou volé, les renseignements à caractère personnel y figurant sont susceptibles d'être utilisés à des fins non autorisées. Par conséquent, la perte ou le vol présente un risque d'atteinte à la vie privée et des mesures efficaces doivent être prises dans les plus brefs délais. Chaque incident devra être abordé selon une approche adaptée. Il est toutefois recommandé à la personne chargée des mesures de protection de la confidentialité de procéder comme suit :

- Limiter l'étendue de l'incident et identifier sa source.
- Documenter les circonstances ayant conduit à l'incident.
- Réviser les politiques, processus et procédures internes afin d'éviter tout incident à l'avenir.
- Signaler la perte ou le vol au directeur général des élections.

Destruction sécurisée des renseignements à caractère personnel

Toutes les entités politiques doivent se départir des renseignements à caractère personnel de manière sécurisée lorsque leur utilisation n'est plus autorisée. Pour empêcher l'accès aux renseignements à caractère personnel par des tiers non autorisés, il est important de prendre les précautions qui s'imposent lors de l'élimination et de la destruction desdits renseignements. Toute mesure raisonnable doit être mise en œuvre pour préserver la sécurité et la confidentialité des renseignements à caractère personnel devant être détruits, notamment au cours des étapes de stockage, de transport, de manipulation et de destruction.

Les dispositions à respecter lors de la destruction sécurisée des renseignements à caractère personnel par les entités politiques sont énoncées ci-après.

Les méthodes utilisées doivent garantir que les dossiers personnels ne pourront pas être reconstitués. Les exemplaires papier des documents doivent être déchiquetés de façon appropriée et les données électroniques doivent être effacées définitivement en recourant à des méthodes interdisant toute restauration desdites données.

La destruction des exemplaires papier implique le déchiquetage vertical et horizontal, et non le simple déchiquetage continu (en bandes), qui permet la reconstitution.

La destruction des supports électroniques et sans fil implique soit l'endommagement physique du périphérique de stockage (qui devient inutilisable) et sa mise au rebut, soit le recours aux outils de suppression proposés par divers éditeurs de logiciels qui permettent d'effacer toute trace des données stockées sur un disque.

Documents attestant la destruction sécurisée des renseignements

Les entités politiques doivent émettre un certificat de destruction consignant les renseignements suivants :

- Identification des dossiers détruits
- Date, heure et lieu de destruction
- Méthode de destruction employée
- Nom et signature de la personne chargée de la destruction

Les renseignements à caractère personnel figurant dans le dossier détruit ne doivent pas apparaître dans le certificat de destruction.

Dépôt des documents attestant la destruction sécurisée des renseignements

Les documents attestant la destruction sécurisée des renseignements doivent être déposés auprès d'Élections Ontario dans les délais suivants :

- Mise à jour annuelle à l'intention des partis politiques inscrits : 30 jours, à compter de la réception de la notification de mise à jour annuelle par Elections Ontario.
- Mise à jour annuelle à l'intention des députés à l'Assemblée législative : 30 jours, à compter de la réception de la notification de mise à jour annuelle par Elections Ontario.

- **Candidats** : ces documents doivent être déposés en même temps que leurs rapports financiers en vertu de la *Loi sur le financement des élections*.

Un exemple de formulaire attestant la destruction sécurisée des renseignements figure en annexe E (applicable au scrutin et à la mise à jour annuelle).

Si l'entité politique fait appel à un prestataire de services externe pour réaliser cette opération, un certificat de destruction doit être remis par la société en question et déposé par l'entité politique avec les documents attestant la destruction sécurisée des renseignements.

#### Documents en cas de recours à un prestataire de services pour la destruction sécurisée des renseignements à caractère personnel

Établir la responsabilité du prestataire de services quant à la destruction sécurisée des dossiers concernés.

Préciser les modalités et les conditions de destruction, ainsi que les intervenants.

- Demander l'émission ultérieure d'un certificat de destruction sur lequel figurent les renseignements suivants :
- Identification des dossiers détruits
- Date, heure et lieu de destruction
- Méthode de destruction employée
- Nom et signature de l'intervenant

Les renseignements à caractère personnel figurant dans le dossier détruit ne doivent pas apparaître dans le certificat de destruction.

#### Exception aux principes de destruction sécurisée

À noter que les exigences stipulées dans les présentes lignes directrices en matière de destruction sécurisée s'appliquent aux versions électroniques et aux exemplaires papier fournis par Élections Ontario en vertu de l'article 2.0 et à toutes copies individuelles supplémentaires desdits documents qui ont été remises par l'entité politique aux personnes agissant en son nom.

Les présentes lignes directrices n'exigent pas la suppression totale des renseignements intégrés aux bases de données créées par l'entité politique à des fins électorales.

## **6.0 PRATIQUES EXEMPLAIRES EN MATIÈRE DE CONFIDENTIALITÉ**

### Travail en environnement mobile

Les employés, bénévoles ou agents des entités politiques sont susceptibles de devoir accéder aux renseignements relatifs aux électeurs lorsqu'ils sont en déplacement. Dans le cadre de ses efforts pour préserver la confidentialité des renseignements à caractère personnel des électeurs, Élections Ontario recommande aux entités politiques de prendre en compte les pratiques exemplaires suivantes visant à renforcer la sécurité et la confidentialité des données dans un environnement mobile.

#### *Utilisation des dossiers hors des locaux*

Les dossiers doivent uniquement être utilisés hors des locaux en cas d'absolue nécessité.

Les employés, bénévoles ou agents de l'entité politique doivent obtenir toutes les autorisations requises et, dans la mesure du possible, seules des copies doivent être utilisées dans un environnement mobile, les documents originaux restant de préférence dans les locaux.

Un compte rendu des renseignements utilisés hors des locaux doit être conservé en lieu sûr.

#### *Dossiers papier*

En déplacement, les dossiers papier doivent être transportés de manière sécurisée dans un contenant fermant à clé, qui reste en possession des employés, bénévoles ou agents de l'entité politique.

En cas d'utilisation à domicile, seuls les employés, bénévoles ou agents de l'entité politique doivent avoir accès aux dossiers, qui sont conservés sous clé lorsqu'ils ne sont pas utilisés.

*Transports publics*

Les employés, bénévoles ou agents de l'entité politique ne doivent jamais consulter les renseignements à caractère personnel, sur support papier ou au format électronique, dans les transports publics.

*Dossiers électroniques*

Les dossiers électroniques contenant des renseignements à caractère personnel doivent être stockés sous forme cryptée sur un disque, un CD ou un périphérique amovible protégé par un mot de passe, plutôt que sur le disque dur d'un ordinateur portable ou personnel.

Les périphériques amovibles doivent rester en permanence en possession des employés, bénévoles ou agents de l'entité politique ou dans un lieu sûr auquel aucun tiers n'a accès.

*Ordinateurs portables et ordinateurs personnels*

L'accès aux ordinateurs portables et aux ordinateurs personnels doit être protégé par un mot de passe et toutes les données stockées sur le disque dur doivent être cryptées.

D'autres mesures de protection raisonnables, telles que l'installation de logiciels antivirus et de pare-feu personnels, peuvent être prises.

Les ordinateurs portables doivent toujours être conservés en lieu sûr.

*Technologie sans fil*

Les entités politiques doivent protéger la confidentialité des renseignements à caractère personnel stockés sur des périphériques sans fil (p. ex. assistants numériques personnels et téléphones cellulaires). L'accès à ce type de périphérique doit être protégé par un mot de passe et toutes les données stockées doivent être cryptées.

En déplacement, les employés, bénévoles ou agents de l'entité politique doivent rester constamment en possession des périphériques sans fil et se prémunir contre la perte ou le vol.

*Courriels, télécopies et photocopies*

En cas de travail hors des locaux, notamment à domicile, les employés doivent éviter l'envoi de renseignements à caractère personnel par courriel ou par télécopie.

Si cela s'avère nécessaire, les employés doivent alors se charger eux-mêmes de l'envoi par télécopie ou de la photocopie des renseignements à caractère personnel.

Si les télécopieurs et photocopieurs ne sont pas mis à disposition pour un usage personnel et que les dossiers contenant des renseignements à caractère personnel doivent être remis à un tiers, l'employé doit être présent en permanence pendant les opérations.

Désignation d'une personne chargée de la mise en œuvre des mesures de protection

La désignation par les entités politiques d'une personne chargée de la mise en œuvre des mesures de protection de la confidentialité est recommandée. Peuvent notamment incomber à cette personne :

- l'élaboration et la mise en œuvre de protocoles spécifiques concernant l'utilisation, la protection et la destruction des listes ;
- la prise en charge des questions relatives à l'utilisation autorisée des listes par l'entité politique ;
- le contrôle de l'accès aux listes ;
- la transmission de la politique de l'entité politique et des présentes lignes directrices aux personnes autorisées à consulter les listes des électeurs.

### **1.7 Contract with a Prescribed Property**

- 1.7.1 A unit sub-meter provider shall not undertake any prescribed activity in a prescribed property unless the unit sub-meter provider has a contract with the master consumer to do so.

## **2 METERING**

### **2.1 Technical Requirements for Unit Sub-Meters**

- 2.1.1 Note: Section 2.1.1 was revoked effective December 16, 2010.

### **2.2 Technical Requirements for the Master Meter**

- 2.2.1 A unit sub-meter provider shall ensure that the master consumer has requested, and a distributor has installed, a master meter that is an interval meter before beginning to provide unit sub-metering services.

### **2.3 Validating, Estimating and Editing Process**

- 2.3.1 Metering data collected by a unit sub-meter provider shall be subjected to a validating, estimating and editing (“VEE”) process if it is to be used for billing purposes.
- 2.3.2 A unit sub-meter provider shall establish a VEE process that is fair and reasonable and provides assurance that correct data is submitted for the billing process. The VEE process shall do the following:
- (a) convert raw metering data into validated, corrected or estimated “bill-ready” metering data suitable for use in determining billing amounts;
  - (b) detect errors in metering data introduced as a result of improper operational conditions and/or hardware/software malfunctions, including failures of or errors in metering or communication hardware, and metering data exceeding pre-defined variances or tolerances; and
  - (c) use operational system data, including historical load patterns and data collected by the unit sub-meter provider, as appropriate, for validating raw metering data, and for editing, estimating and correcting metering data found to be erroneous or missing.
- 2.3.3 A unit sub-meter provider’s VEE process for data from the unit sub-meters shall consider industry standards specified by the SME in its VEE process for smart meters.
- 2.3.4 A unit sub-meter provider shall document and make available its VEE process and criteria, and allow scrutiny of its process by consumers, retailers, the Board and Measurement Canada.

Metering services provided by a person that does not have the recognized qualification requirements shall be reviewed, affirmed and documented by a person with exhibited competency.
- 2.4.3 A unit sub-meter provider shall exercise appropriate diligence in detecting and acting upon instances of tampering with metering equipment. Upon identification of possible meter tampering, the unit sub-meter provider should notify, as appropriate, Measurement Canada, police officials, the Electrical Safety Authority, or other entities.
- 2.4.4 Nothing in this Code shall affect the obligation of a unit sub-meter provider to comply with all Measurement Canada requirements provided that, where this Code or other conditions of licence prescribe a higher standard than that prescribed in those requirements, the unit sub-meter provider shall comply with the higher standard.
- 2.4.5 A unit sub-meter provider shall respond to consumer metering disputes, and shall establish a fair and reasonable charge for costs associated with resolution of these disputes. If the complaint is substantiated, the charge shall not be applied. In resolving the dispute, a unit sub-meter provider may use a qualified, independent organization at anytime during the dispute resolution process.

## **3 STANDARDS OF BUSINESS PRACTICE AND CONDUCT**

### **3.1 Disclosure of Agreements and Disclosure in Agreements**

- 3.1.1 For any prescribed property subject to section 33(2) of the ECPA, the unit sub-meter provider shall disclose to the master consumer of the prescribed property all agreements between the unit sub-meter provider or its affiliate and the developer of the prescribed property or an affiliate of the developer.

- 3.3.2 A unit sub-meter provider shall provide its address and telephone number to its consumers in all written communications between the unit sub-meter provider and the consumer. The unit sub-meter provider's telephone number must be a local number or one that is capable of being reached without charge to the consumer.
- 3.3.3 If any consumer makes a complaint to a unit sub-meter provider regarding its services, the unit sub-meter provider shall expeditiously investigate the complaint and take all appropriate and necessary steps to resolve the complaint. If the complaint is not resolved to the satisfaction of the consumer, the unit sub-meter provider shall provide to the consumer the telephone number of the Board's Consumer Relations Centre.
- 3.3.4 In cases where a consumer complaint has been referred to the unit sub-meter provider from the Board and resolution of the complaint is reached, the unit sub-meter provider shall implement the resolution immediately and shall confirm this, in writing, to the Board.

### **3.4 Transfer and Assignment of Contracts**

- 3.4.1 A unit sub-meter provider shall not sell, transfer, or assign a contract with a consumer to another person who is not a licensed unit sub-meter provider.
- 3.4.2 Prior to the sale, transfer, or assignment of a contract, the unit sub-meter provider shall ensure that all relevant consumer information including, but not limited to, information regarding security deposits and consumption, is properly transferred to the new unit sub-meter provider to allow for the continuous billing of consumers.
- 3.4.3 Prior to the termination of a contract, the unit sub-meter provider shall ensure that all relevant consumer information including, but not limited to, information regarding security deposits and consumption, is properly transferred to the exempt distributor to allow for the continuous billing of consumers.

3.4.4 A unit sub-meter provider must notify the Board of any sale, transfer, or assignment of contracts within 10 days of the sale, transfer, or assignment.

3.4.5 Within 60 days of any sale, transfer, or assignment of a contract to another unit sub-meter provider, the new unit sub-meter provider must notify the affected consumers of the new unit sub-meter provider's address and telephone number.

## **4 BILLING AND COLLECTION**

### **4.1 Security Deposits**

4.1.1 A unit sub-meter provider who is contracted to collect security deposits on behalf of the master consumer shall ensure that its Conditions of Service include the unit sub-meter provider's security deposit policy which shall be consistent with the provisions of this Code. A unit sub-meter provider's security deposit policy shall include at a minimum the following:

- (a) a list of all potential types/forms of security accepted;
- (b) a detailed description of how the amount of security is calculated;
- (c) limits on the amount of security required;
- (d) the planned frequency, process and timing for updating security deposits;
- (e) criteria consumers must meet to have security deposit waived and/or returned; and
- (f) methods of enforcement where a security deposit is not paid.

4.1.2 In managing consumers' non-payment risk, a unit sub-meter provider shall not discriminate among consumers with similar risk profiles or risk related factors except where expressly permitted under this Code.

4.1.3 A unit sub-meter provider may require a security deposit from a consumer unless the consumer has a good payment history of 1 year. The time period that makes up the good payment history must be the most recent period of time and some of the time period must have occurred in the previous 24 months. A unit sub-meter provider shall provide a consumer with the specific reasons for requiring a security deposit from the consumer.

4.1.4 For the purposes of section 4.1.3, a consumer is deemed to have a good payment history unless, during the relevant time period set out in section 4.1.3, the consumer has received more than one disconnection notice from the unit sub-meter provider, more than one cheque given to the unit sub-meter provider by the consumer has been returned for insufficient funds, more than one pre-authorized payment to the unit sub-meter provider has been returned for insufficient funds or a disconnect / collect trip has occurred. If any of the preceding events occur due to an error by the unit sub-meter provider, the consumer's good payment history shall not be affected.

4.1.5 For the purposes of section 4.1.3, a unit sub-meter provider shall deem a consumer to have a good payment history if the consumer provides a letter from a licensed electricity distributor or gas distributor in Canada confirming a good payment history with that distributor for the most recent relevant time period set out in section 4.1.3 where some of the time period which makes up the good payment history has occurred in the previous 24 months.

4.1.6 The maximum amount of a security deposit which a unit sub-meter provider may require a consumer to pay shall be calculated by multiplying the unit sub-meter provider's billing cycle factor and the consumer's estimated bill (which shall be based on the consumer's average monthly load with the unit sub-meter provider during the most recent 12 consecutive months within the past two years). Where relevant usage information is not available for the consumer for 12 consecutive months within the past two years or where the unit sub-meter provider does not have systems capable of making the above calculation, the consumer's average monthly load shall be based on a reasonable estimate made by the unit sub-meter provider.

4.1.7 For the purposes of sections 4.1.6, the billing cycle factor is 2.5 if the consumer is billed monthly, 1.75 if the consumer is billed bi-monthly and 1.5 if the consumer is billed quarterly.

4.1.8 Where a consumer has a payment history which discloses more than one disconnection notice in a relevant 12 month period, the unit sub-meter provider may use that consumer's highest actual or estimated monthly load for the most recent 12 consecutive months within the past two years for the purposes of making the calculation of the maximum amount of security deposit under section 4.1.6.

4.1.9 Subject to section 4.1.2, a unit sub-meter provider may at its discretion reduce the amount of a security deposit which it requires a consumer to pay for any reason including where the consumer pays under an interim payment arrangement and where the consumer makes pre-authorized payments.

4.1.10 The form of payment of a security deposit for a consumer shall be cash or cheque at the discretion of the consumer or such other form as is acceptable to the unit sub-meter provider.

- 4.1.11 A unit sub-meter provider shall permit the consumer to provide a security deposit in equal installments paid over at least four months. A consumer may, in its discretion, choose to pay the security deposit over a shorter time period.
- 4.1.12 Interest shall accrue monthly on security deposits made by way of cash or cheque commencing on receipt of the total deposit required by the unit sub-meter provider. The interest rate shall be at the average over the period of the prime lending rate set by the Bank of Canada less 2 percent. The interest accrued shall be paid out at least once every 12 months or on return of the security deposit or upon the application of the security deposit to the consumer's account or upon the closure of the consumer's account, whichever comes first, and may be paid by crediting the account of the consumer or otherwise.
- 4.1.13 A unit sub-meter provider shall review every consumer's security deposit at least once in a calendar year to determine whether the entire amount of the security deposit is to be returned to the consumer as the consumer is now in a position that it would be exempt from paying a security deposit under section 4.1.3 had it not already paid a security deposit or whether the amount of the security deposit is to be adjusted based on a re-calculation of the maximum amount of the security deposit under section 4.1.6.
- 4.1.14 A unit sub-meter provider must respond promptly to a consumer who, no earlier than 12 months after the payment of a security deposit or the making of a prior demand for a review, demands in writing that a unit sub-meter provider undertake a review to determine whether the entire amount of the security deposit is to be returned to the consumer as the consumer is now in a position that it would be exempt from paying a security deposit under section 4.1.3 had it not already paid a security deposit or whether the amount of the security deposit is to be adjusted based on a re-calculation of the maximum amount of the security deposit under section 4.1.6.
- 4.1.15 Where the unit sub-meter provider determines in conducting a review under section 4.1.13 or 4.1.14 that some or all of the security deposit is to be returned to the consumer, the unit sub-meter provider shall promptly return this amount to the consumer by crediting the consumer's account or otherwise.
- 4.1.16 A unit sub-meter provider shall promptly return any security deposit received from the consumer upon closure of the consumer's account, subject to the unit sub-meter provider's right to use the security deposit to set off other amounts owing by the consumer to the unit sub-meter provider. The security deposit shall be returned within six weeks of the closure of an account.
- 4.1.17 Where all or part of a security deposit has been paid by a third party on behalf of a consumer, the unit sub-meter provider shall return the amount of the security deposit paid by the third party, including interest, where applicable, to the third party. This obligation shall apply where and to the extent that:
- (a) the third party paid all or part (as applicable) of the security deposit directly to the unit sub-meter provider;
  - (b) the third party has requested, at the time the security deposit was paid or within a reasonable time thereafter, that the unit sub-meter provider return all or part (as applicable) of the security deposit to it rather than to the consumer; and
  - (c) there is not then any amount overdue for payment by the consumer that the unit sub-meter provider is permitted by this Code to off set using the security deposit.

## **4.2 Disconnection and Reconnection**

- 4.2.1 A unit sub-meter provider shall not disconnect consumers for non-payment of bills unless the master consumer has contracted the unit sub-meter provider to do so on its behalf.
- 4.2.2 A unit sub-meter provider shall establish a process for disconnection and reconnection that specifies the notification policies for disconnection and reconnection as well as the timing of disconnections and reconnections. In developing physical and business processes for reconnection, a unit sub-meter provider shall consider safety and reliability as a primary requirement. A unit sub-meter provider shall document its business process for disconnection and reconnection in its Conditions of Service.
- 4.2.3 Without limiting the generality of the foregoing, prior to disconnecting a consumer for non-payment, a unit sub-meter provider shall provide to the consumer, and any person that is to receive notice of the disconnection:
- (a) the Fire Safety Notice of the Office of the Fire Marshal; and
  - (b) any other public safety notices or information bulletins issued by public safety authorities and provided to the unit sub-meter provider, which provide information to consumers respecting dangers associated with the disconnection of electricity service.
- 4.2.4 A unit sub-meter provider shall include a copy of the notices or bulletins referred to in section 4.2.3 with any notice of disconnection that is left at the consumer's property at the time of actual disconnection for non-payment.
- 4.2.5 A unit sub-meter provider shall inform a consumer responsible for an overdue amount that it may be disconnected in accordance with section 31(2) of the Electricity Act.

- 4.2.6 It is recommended that, whenever possible, unit sub-meter providers give no less than seven (7) calendar days notice before disconnecting a consumer for non-payment.
- 4.2.7 A unit sub-meter provider may disconnect a consumer without notice in accordance with a court order or for emergency, safety or system reliability reasons.
- 4.2.8 A unit sub-meter provider may recover from consumer who is disconnected the reasonable costs associated with the disconnection, including overdue amounts payable by the consumer. A unit sub-meter provider may recover from the disconnected consumer the reasonable costs for repairs of the unit sub-meter provider's physical assets in reconnecting the consumer.
- 4.2.9 In establishing its disconnection policy, which will be set out in its Conditions of Service, a unit sub-meter provider may consider the following reasons for disconnection:
- (a) adverse effect on the reliability and safety of the unit sub-meter system or the exempt distributor's distribution system;
  - (b) imposition of an unsafe worker situation beyond normal risks inherent in the operation of the unit sub-meter system or the exempt distributor's distribution system;
  - (c) a material decrease in the efficiency of the unit sub-meter system or the exempt distributor's distribution system;
  - (d) a materially adverse effect on the quality of distribution services received by an existing connection;
  - (e) inability of the unit sub-meter provider to perform planned inspections and maintenance;
  - (f) failure of the consumer to comply with a directive of a unit sub-meter provider that the unit sub-meter provider makes for purposes of meeting its licence obligations; and
  - (g) the consumer owes the exempt distributor money for unit sub-metering services or for a security deposit. The unit sub-meter provider shall give the consumer a reasonable opportunity to provide the security deposit consistent with section 4.1.11.

### 4.3 Form of the Invoice

- 4.3.1 A unit sub-meter provider who is contracted to bill low-volume consumers on behalf of the master consumer shall comply with all applicable regulations regarding information on invoices to low-volume consumers of electricity.

### 4.4 Payment of the Master Bill

- 4.4.1 If the unit sub-meter provider has assumed responsibility for payment for the master bill, then the amount to be collected from consumers shall not include any penalties assessed by the licensed distributor on the master bill. Penalties include, but are not limited to, late payment charges and disconnect or reconnect charges.

- Form 51-101F1 *Statement of Reserves Data and Other Oil and Gas Information*;
- Form 51-101F2 *Report on Reserves Data by Independent Qualified Reserves Evaluator or Auditor*;
- Form 51-101F3 *Report of Management and Directors on Oil and Gas Disclosure*; and
- National Instrument 41-101 *General Prospectus Requirements*, including its Form 41-101F1 *Information Required in a Prospectus*.

Additionally, a new form, Form 51-101F4 *Notice of Filing of 51-101F1* was created.

NI 51-101 sets out the annual filing requirements for reporting issuers who are involved in oil and gas activities, notably in respect of their estimates of reserves and resources. The disclosure standards apply to any disclosure made by a reporting issuer throughout the year.

The amendments fell into the following broad categories: amendments for clarification, amendments to codify existing staff guidance and practice, and added requirements to enhance reliability of certain disclosure of reserves and resources other than reserves.

The full text of the amendments is available in the Ontario Securities Commission's Bulletin at (2010) 33 OSCB 9503 and on the Commission's web site at <http://www.osc.gov.on.ca/en/13338.htm>.

6. The contract does not require that the purchaser be responsible for the costs relating to the storage or insuring of the supply.

(4) An operator who, under section 39 of the Act, agrees to store a supply, or arrange for a supply to be stored by another person, shall not store the supply, or have it stored by another person, within the 30 days after the day the contract for the provision of the supply is made.

(5) An operator who, under section 39 of the Act, agrees to store a supply, or arrange for a supply to be stored by another person, shall ensure that,
